Tejas Patil
Surjit Singh
Sai Praharsha
Yeswanth Reddy Velapalem

AGENDA

- 01** Discover Business Problem
- 02** Understanding the requirements of data
- 03** Building Data Warehouse
- 04** BI Revenue Analysis
- 05** Recommendations

BUSINESS GOALS

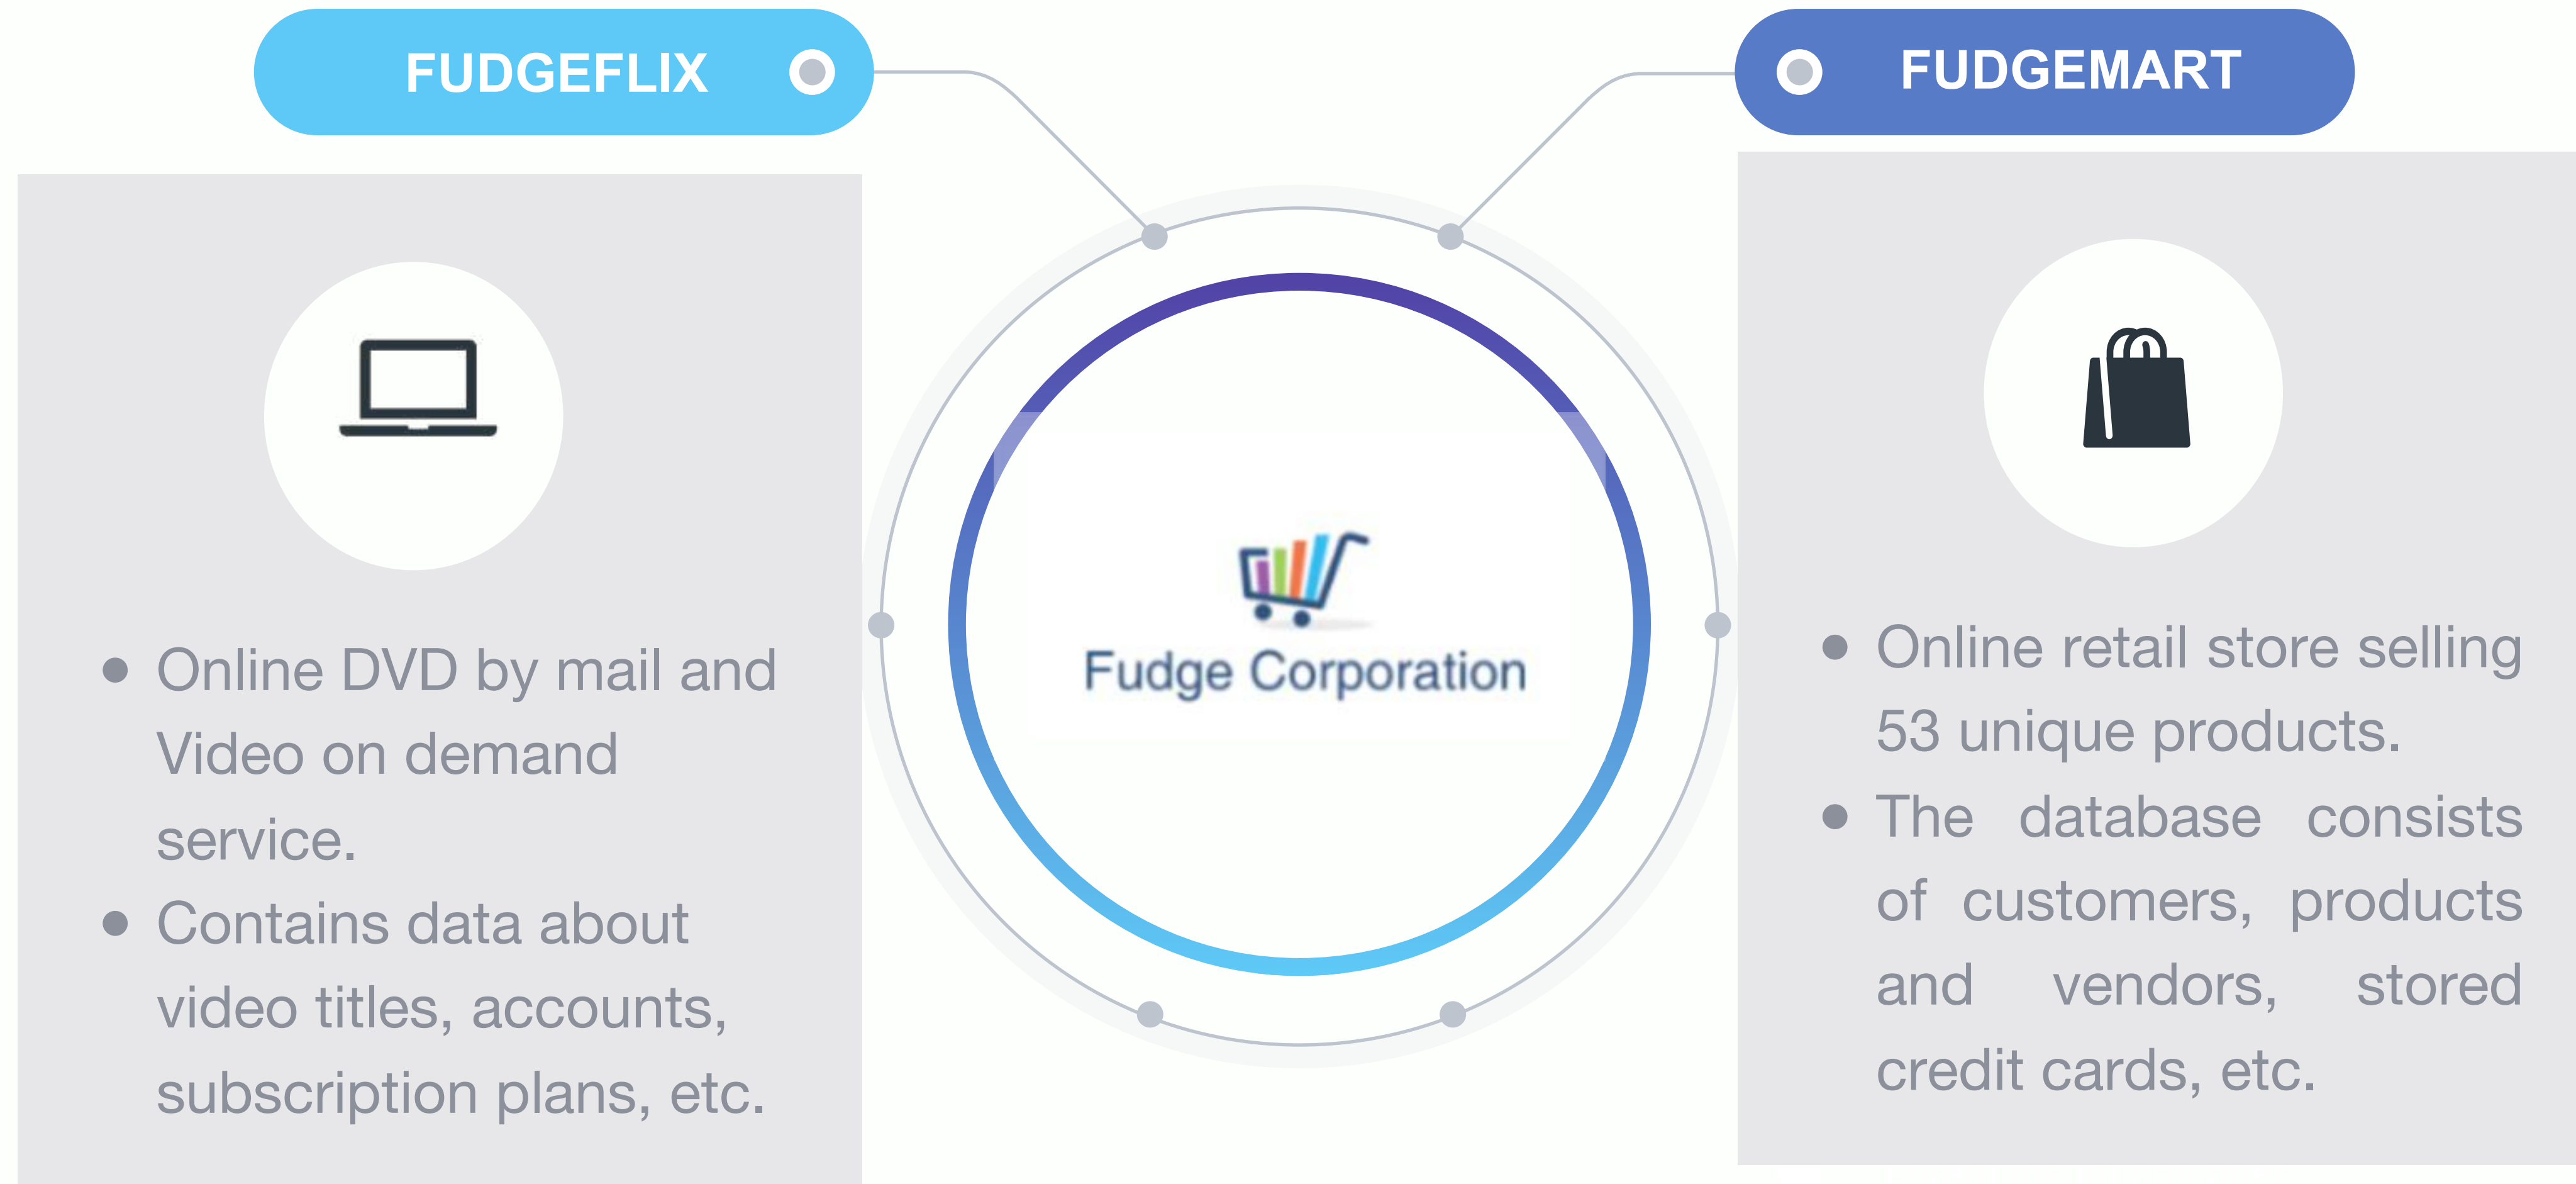

- 1 Increase the Revenue
- 2 Optimize Sales regionally
- 3 Identifying the high performing and low performing products
- 4 Analyzing customers subscriptions
- 5 Strategizing the sale of different plans

BUSINESS QUESTIONS?

- 1 Which are the plans that have generated most and least revenue for the company?
- 2 Who are the top 10 customers for the company?
- 3 Which category of plans are in high demand?
- 4 What are high and low revenue generating products?
- 5 How are states performing in terms of profit?
- 6 Which states are doing good with respect to FudgeFlix and Fudgemart?

DEFINING THE KEYS AND ASSUMPTIONS

Dimension and Fact Tables	Primary Key	Business Key
Customer (Dimension)	CustomerKey	CustomerID
Date (Dimension)	DateKey	DateKey
Product (Dimension)	ProductKey	ProductID
Revenue (Fact)	(OrderID, ProductKey, SourceType)	Order ID, CustomerKey, ProductKey,SourceType,OrderDateKey

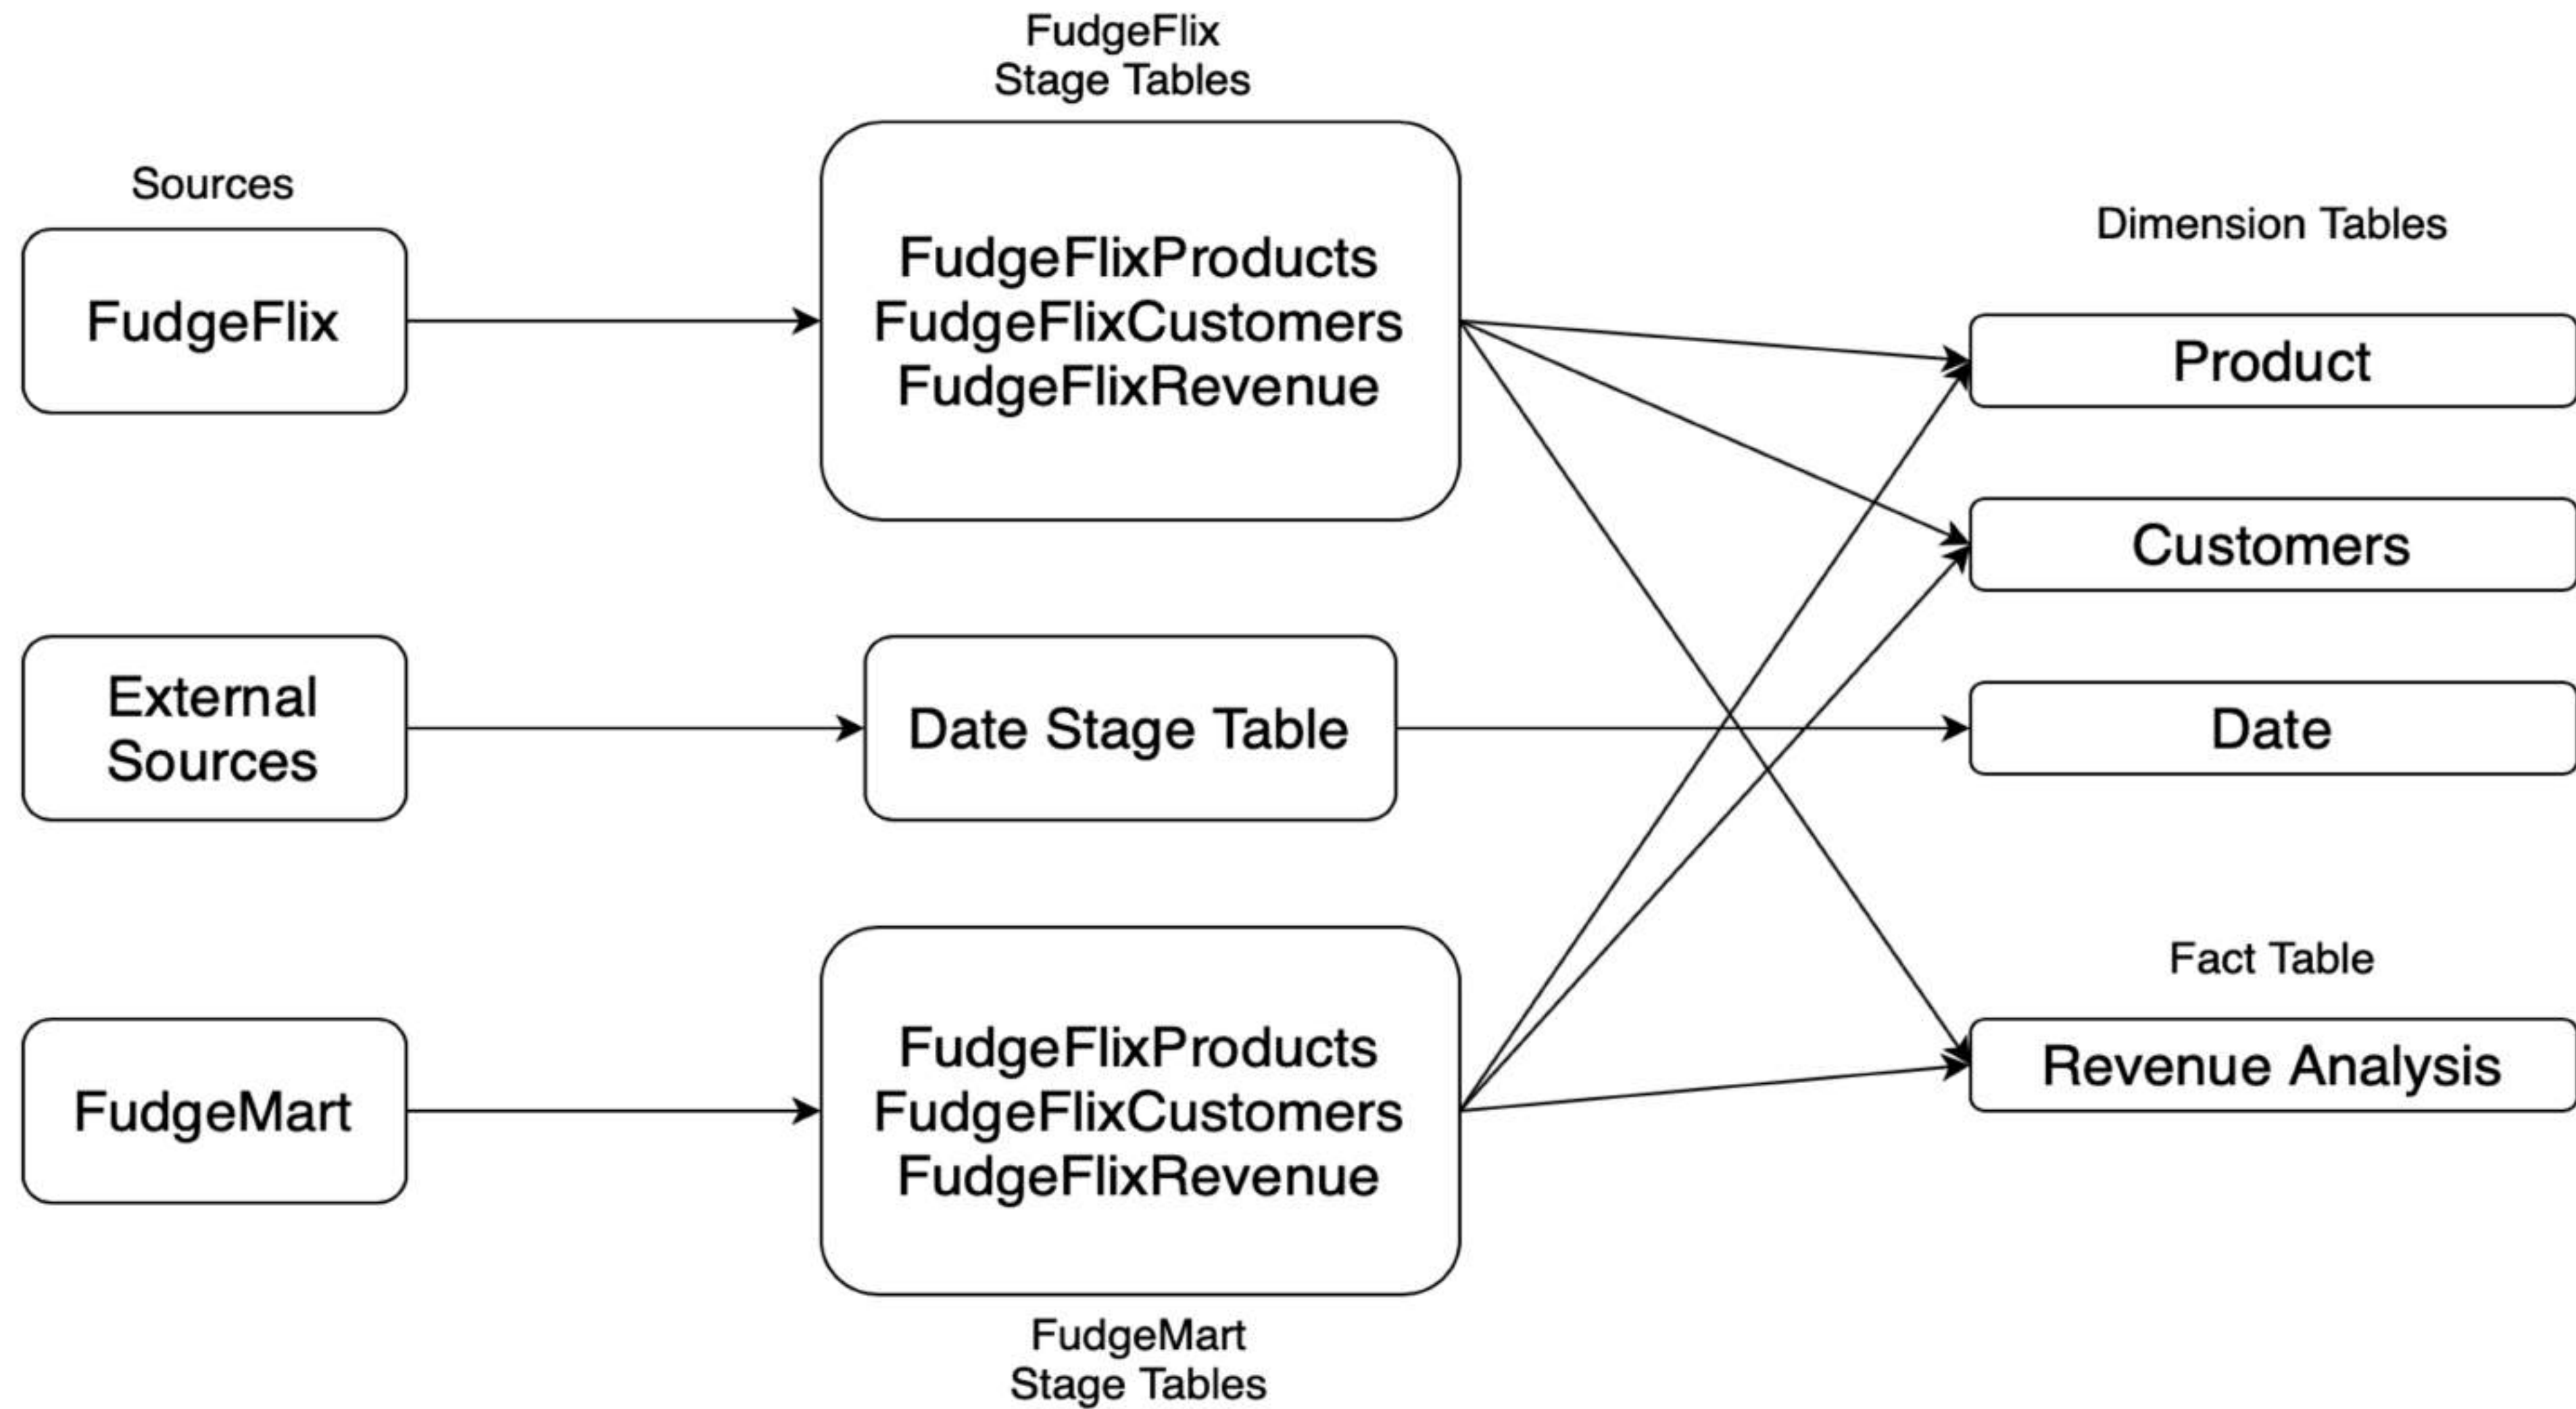

We made few assumptions in the fact table keeping the fudgeflix in mind to make the Data Warehouse up and running.

Table Name	SourceType	Fields	Assumptions
Revenue (Fact)	fudgeflix	Quantity	1
Revenue (Fact)	fudgeflix	UnitCost	\$1

Green: Profit \geq 70%

Yellow: 50% \leq Profit < 70%

Red : Profit < 50%

Recommendations

1

Marketing campaigns for FudgeFlix : Minnesota, Texas and Wyoming
Marketing campaigns for Fudgemart : New Jersey, Iowa, Wisconsin

2

Reward points system i.e. loyalty programs for customers in both. As revenue was decreasing we can offer discounts through loyalty membership programs

3

As we are seeing a downward trend the corporation should focus on state wise analysis and removing products which are unsold

4

Combo offers promoting both fudgeflix and fudgemart. Example: Customer buying TV or DVD Player can be given an offer on fudgeflix plans. Fudgeflix customers can be given discount coupons for Fudgemart low performing products.

5

Based on Observation we can see upward trend in combo plans (Basic rental + Streaming and Premium rental + Streaming) therefore fudge corporation should focus on improving streaming service and promote plans

6

Q4 is the best Quarter in terms for profit wise, Hence we should have enough stock and new Movies to Stream

7

Feedback forms from customers and improve strategies accordingly.

THANK YOU!
